Model Building Phase
Save The Model

Date	08 November 2022
Team ID	PNT2022TMID12370
Project Name	AI-Powered Nutrition Analyzer For Fitness Enthusiasts

The model is saved with .h5 extension as follows. An H5 file is a data file saved in the Hierarchical Data Format (HDF). It contains multidimensional arrays of scientific data.

```
### Saving our model

# Save the model
classifier.save('nutrition.h5')
```
